The screenshot displays the IBM Cognos Analytics with Watson interface. The top navigation bar includes the product name, a 'Learn More' button, a search bar, and user profile icons. Below the navigation bar, a toolbar contains various icons for file operations. The main workspace is divided into two panels. The left panel, titled 'Data module', shows a search bar and a tree view of data sources. Under 'AirStats-DataPrep', there is a 'Navigation paths' folder containing three CSV files: 'regions.csv', 'countries.csv', and 'airports.csv'. The 'airports.csv' file is currently selected and highlighted. The right panel shows a data grid with the following columns: 'Row Id', 'Id', 'Ident', 'type', 'name', and 'latitu'. The grid contains 9 rows of data, representing different airports. A 'Show desktop' button is visible in the bottom right corner of the grid area.
